**BJD INC.****Customer Spotlight: BJD**

Headquartered in Los Angeles, BJD is a privately held men's designer and sportswear manufacturer. Using SRK, BJD is able to keep each department updated on constantly moving dates on orders with automatic notification alerts. Thus, improving their work process flow efficiency and increasing customer satisfaction.

## FEATURE HIGHLIGHTS

**Dashboard Release: Interactive Filters**

Easily focus your analysis on several charts at once with SRK's Dashboard Interactive Filters. One click can filter for your important KPIs!

**Dashboard Release: Pivot Widget Options**

Users can immediately identify anomalies/trends in their data by using the heatmap option for the pivot widget. Want something other than a heatmap? Try out the table column chart option instead!

**New Charts and How to Use Them**

Visualize your data with our new charts. Charts provide benefits such as delivering information, discovering insights, identifying problem areas, and more! Visit DrivenBI's [Slideshare](#) to learn about these benefits.
